

CAPT. WELCH'S GOOD WORK.

Sch. Navahoe Has Fare of
450 Barrels Mackerel.

WILL MAKE A BIG STOCK.

Fifty Sail on Georges But Fish
Very Wild.

Sch. Navahoe, Capt. Martin Welch, arrived at 10 o'clock this forenoon with a big fare, one of the best of the season, 450 barrels of salt mackerel, also taken on the southwest part of Georges. Capt. Welch has a big stock already to his credit this season, and this will increase it greatly and keep him way up among the leaders as usual.

Capt. Welch reports getting his fare during the last week 40 miles south-south-east of the North Shoal of Georges. The fish were taken mostly in small schools although they were fortunate Sunday and got a good school which just put the cream on the trip. During last week a fleet of but eight or 10 vessels were on the fish, but on Saturday the seiners began to come from all directions and on Monday fully 50 sail were there.

The fish last week were going fast to the eastward and were hard to catch and after the fleet got on them they were wilder than ever. The fleet were all banging away at them and not stopping much of anything and it seemed last year on Georges when the fish were so "educated" that it was impossible to catch them. One or two of the fleet who were there at the start had done pretty well, and some of the others who were there all last week, had some fish, but the big fleet since it arrived there Saturday, had not done much, as the fish were wilder and scarcer than previously.

Capt. Welch is to be congratulated on his good fortune and deserves his success as he is a hustling, hard working skipper with a splendid record, which he is maintaining this season in great shape. This trip will put him very close to if not in the high line position.

Sch. Corsair, Capt. George Hamer, arrived this morning from the southwest part of Georges with 60 barrels of salt
